

Tenant/Resident representative of the year Award

This award is for people who go beyond the call of duty, acting as local leaders, ensuring that the words around tenant involvement translates into real change and empowerment and contributes to providing housing and communities that people want to live in. We are looking for tenants/residents who promote the concept of sustainable communities in what they do and make a lasting difference to their fellow tenants and neighbours.

This award seeks to recognise those who have given up their time to improve their homes and communities, through organised participation, or their own efforts.
